

Environmental Policy

Environmental Policy

Organisations of all kinds are, increasingly, determined to achieve and demonstrate sound environmental performance by controlling the impact on the environment of their activities, products and services. They do so in the context of growing environmental awareness, increasingly stringent legislation and other factors promoting environmental protection and best practice.

Hardscape Products Ltd adhere to policies and procedures which ensure the conservation of natural resources whilst minimising any adverse environmental impact from its operations, including, but not limited to, waste reduction and recycling.

The Company aims to review its environmental policies and procedures regularly to improve performance and quality.

All employees are made aware of this policy and their responsibilities for environmental issues.

Environmental Policy

- a.** Adopt and aim to apply the principles of "sustainable development" - that is, development which meets the needs of the present, without compromising the abilities of future generations to meet their own needs.
- b.** Seek to improve Hardscapes Products Ltd environmental performance continuously.
- c.** Foster the commitment of all management and staff to improving the environmental performance of our business.
- d.** Strive to adopt the highest available environmental standards in all countries of operation.
- e.** Aim to minimise the use of all materials, supplies and energy. Wherever possible we will use renewable or recyclable materials and components.
- f.** Minimise pollution produced in all parts of the business, and aim for "pollution-free" processes.
- g.** Adopt an environmentally sound transport strategy.
- h.** Assess the environmental impact of all our operations past, current and future.
- i.** Expect similar environmental standards to our own from all third parties involved with our business - suppliers, vendors, contractors.
- j.** Assist our customers to use our products and services in an environmentally sensitive way.
- k.** Liaise on a continuous basis with the local community.
- l.** Include Environmental consideration in investment decisions.
- m.** Assist in developing economically - viable solutions to Environmental problems in our industry'.
